

ECON 100: Intro to Economics

Homework 0

- Define any variables you need to answer the problems.
- Use any materials to help you with these questions. That includes others in this course!
- Please write your answers in the space provided.
- Keep your answers short but clear. Your goal is to convince a skeptical grader that you understand the relevant concepts well enough to answer the question you are given.
- The questions on this homework sum to 42 points. But you get a 100 for completing/attempting the majority of the questions for this homework!
- Remember to write down the names of anyone you worked with on this homework.
- Bring any and all questions to office hours!

-
1. (4 points) What is your name?
